FROM:   
Barbara Aldridge, Enforcement Officer

SUBJ: Gulfco Marine Maintenance Superfund Site

PRP SEARCH UPDATE: Adding generator PRPs for the RD/RA negotiation phase: the team completed review of further analysis on the results of matching sampling results with generator invoices. After a discussion on May 14, 2009, the team has decided to wait until a draft ROD to ascertain if certain parties' waste meets action levels, at which time the parties would be added to a SNL for RD RA. If a parties waste is under the action level as indicated by the ROD, that party would not be noticed.

This completes the PRP Search at this time.

Site Team RPM G. Miller, EO Aldridge, Attny Nann.
